

Parking Request Form

Due to the limited number of parking spaces at Huron College, students are required to reserve their parking spaces in advance. Students are responsible for finding their own parking if they are unable to secure a space on site. The following are parking pass fees, by duration:

Per Day\$ 3.50
Per Week\$10.00
Per Month\$30.00

Please note that this is a *request* form – parking spaces are not guaranteed until a space has become free, payment has been received and a pass is in the hands of the student. The pass is non-transferable and can't be shared between students.

Once a student has been granted parking privileges, the student will be asked to provide their license plate number and car type information for parking control. He or she will then receive a parking pass with a number that corresponds with the numbered parking space. Students are asked to keep their pass on the dashboard or on the rear-glass board.

Students caught parking without a pass may have their cars towed.

Huron College takes no responsibility for damages to or stolen property from cars parked on premises. However, if there are any problems that arise with concern to parking, please contact Front Desk.
